SOCIAL MISSION STATEMENT

Introduction

Celtic Football Club is legendary and as with most legends as much myth as fact surrounds its history and what the Club stands for today. The Social Mission Statement aims to simply define what the Club stands for and seeks to promote within society.

History

Celtic Football Club was founded in 1888. Its principal founder was a Marist Brother named Walfrid. The Club had two principal aims: The first aim was to raise funds to provide food for the poor of the East End of Glasgow, an area of the City that was greatly impoverished and had a high rate of infant mortality. Within the East End was a large Irish community and friction was growing between the native Glaswegians and the new influx of Irish. Brother Walfrid saw the need for social integration and his vision was a football club that Scottish and Irish, Protestants and Catholics alike could support. A new football club would be a vehicle to bring the communities together and this was the second aim. The Marist brother sought for the Club to have both a Scottish and Irish identity and hence, the Club's name "Celtic" came about, representing a bridge of cultures across the Irish Sea.

Current Positioning of Celtic Football Club

Celtic Football Club is a Scottish football club with proud Irish links. The primary business of Celtic is as a football club. It is run on a professional business basis with no political agenda. However, the Club has a wider role and the responsibility of being a major Scottish social institution promoting health, well-being and social integration.

Who is Celtic Football Club for?

Celtic Football Club is for people who want to support a football club that strives for excellence in Scotland and in Europe, is proud of its history, supportive of its local community and seeks to support the following aims: "To maximise all opportunities to disassociate the Club from sectarianism and bigotry of any kind. To promote Celtic as a Club for all people, regardless of gender, age, religion, race or ability."

Summary

Celtic is a club for everyone who believes in football as a medium for healthy pleasure, entertainment and social integration. The Club always has been and always will simply aim to be the team of the people.

MANAGER

GORDON STRACHAN

"OUR NUMBER ONE TARGET EVERY SEASON HAS BEEN TO WIN THE SCOTTISH PREMIER LEAGUE AND WE HAVE MANAGED TO ACHIEVE THAT THESE PAST THREE YEARS."

A warm welcome to Celtic Park for our SPL match against Hibernian this afternoon, a game we're all looking forward to after our Champions League exertions during the week.

The game against Manchester United was as tough as they come. We were up against the reigning European champions at their own ground and with a number of injury worries to contend with. In the event, it was an impressive performance by United, one of the best I have come across in European football and that's something which we have to acknowledge.

The players did put in a determined performance and we were unlucky with a couple of decisions that didn't go our way with their first two goals, but those are just facts, not excuses. On the night, we were beaten by a top team and it will take something special to prevent them from retaining the Champions League.

Our focus now returns to domestic action and the visit of Hibernian to Celtic Park this afternoon. Our number one target every season has been to win the Scottish Premier League and we have managed to achieve that these past three years. And this season the target remains the same because it's only by doing so that we get to compete in the group stages of the

Champions League and try to improve by competing against the best teams and the best players in the game.

So today's game against Hibernian is vitally important to our aims, this season and also beyond. Victory today will give us another three points in our bid to be champions again.

However, we know that none of the points we've gained this season have come easily. Last weekend was an example of that, when Inverness Caley Thistle made us work all the way for our victory and today will be exactly the same. Hibernian have shown on a number of occasions here just how dangerous they can be and there have been some terrific games of football between the sides in recent seasons.

I hope that this will be the case again this afternoon, and it goes without saying that I hope we emerge with all three points. Over the past few seasons, the players have shown that they can cope with the twin demands of European and domestic football and we've got a pretty good record in games immediately after a big Euro tie. We intend to keep that record going today.

Your support in these games is always important, giving the players a boost after a tough midweek match and helping to drive us on towards what will hopefully be another three points.
