## THE MANAGER'S VIEW

**WE** get the chance tonight to measure any improvement we may have made since the end of last season against superior opposition.

While games such as tonight's can bring glory, the target for Dumbarton F.C. this season is full points from League games.

A good start is essential to create confidence, on and off the field, so look for a Dumbarton team tonight that is prepared to 'have a go' with nothing to lose and a touch of gay abandon about our play.

# HELPING THE GAME

There is an organisation which receives £9 million annually from the Spotting-the-Ball competition run by Littlewoods, Vernons and Zettlers and spends it all on projects which benefit football throughout the United Kingdom.

It pays £4.5 million to the Football Grounds Improvement Trust to help League clubs meet the demands of the Safety of Sports Grounds Act and improve their stadia.

It has set aside £2.3 million to ensure that all grounds in Scotland and England are covered by closed circuit television systems. It has allocated over £1 million to fund Football and the Community schemes at clubs throughout the UK.

The organisation is also injecting £1.25 million to assist 'non-League' clubs with essential safety work, paying over £1.3 million every year towards policing costs at League matches and investing £750,000 to improve transport facilities for football supporters.

The name of this organisation is THE FOOTBALL TRUST.

By the end of the year Spotting-the-Ball will have generated almost £70 million for The Football Trust and its sister organisation the Football Grounds Improvement Trust.

The body uniquely brings together representatives from all areas of the game and draws its membership from the Scottish Football League, the Scottish Football Association, the game in England, the PFA, local authorities, the police and pools firms.

The Football Trust's annual income of £9 million is in addition to the £6.5 million the Pool Promoters Association pay to the football authorities for the reproduction of the copyrighted fixtures on the pools coupons, thus making them the game's largest benefactor by far.

## SUPPORTING SCOTTISH FOOTBALL

During the past year The Football Trust has been committed to developing Scottish football at every level. Its initiatives range from supporting an educational trust for Scotland's professional footballers to providing kit for unemployed teams; new terracing at Kirkintilloch Rob Roy to a new artificial pitch for community use at Stirling Albion; the UK's most extensive closed circuit television system at Hampden Park to portacabins at the Hill of Beath Ramblers; developing football in the Scottish Isles to a £250,000 safety programme at the national stadium; new coach park at Ibrox to covering 35% of policing costs at B&Q League matches.

The Football Trust works closely with the Scottish Football League, Scottish Football Association and the Scottish Sports Council.

## WARNING

At the beginning of the season more than 110 League grounds in Scotland and England will be equipped with CLOSED CIRCUIT TELEVISION which has been funded by The Football Trust.

It is there to increase crowd safety and to help the police. Recording facilities enable film and photographs to be taken of disorder, which may subsequently be used in a court of law.

## CLOSED CIRCUIT TELEVISION

## SAFETY FIRST

Football grounds in Scotland have reached their highest ever level of safety thanks to the £7.5 million invested by the Football Grounds Improvement Trust since 1976.

Almost every League club has been assisted with essential safety work and further substantial sums have been invested to enable them to improve facilities.

In the past year alone FGIT grants to Scottish clubs totalled:

	£
Safety	416,385
Improvements	770,561

In addition to its safety programme, FGIT has also allocated £1 million to build or improve family and disabled facilities at League grounds during 1988.

## EUROPEAN SPOTLIGHT

SCOTLAND'S five European representatives will go into battle next month.

The draw for the three UEFA competitions took place in Switzerland in July and, in the main, could have been kinder to our clubs.

Champions Rangers have a mighty task on their hands when they face Bundesliga kings Bayern Munich.

In the Cup-Winners Cup, Celtic will need to be at their best to dispose of slick Yugoslavian Cup kings Partizan Belgrade.

Aberdeen appear to have the toughest task in the UEFA Cup against the notorious Austrians, Rapide Vienna.

Hibernians' return to Europe sees them handed a tricky tie against largely unknown Hungarian side Videoton.

It's Dundee United who seem to have the easiest task of our famous five, lining up against Glentoran of Northern Ireland.

I reckon only three will progress to the next round with Hibs and Aberdeen falling at the first hurdle.

Elsewhere I see wins in the European Cup for Real Madrid, AC Milan, Benfica, Steau Bucharest, Ruch Chorsow, PSV Eindhoven, Inter Milan, Dynamo Dresden, Mechelen, Tirol, Marseille, Sparta Prague, Dnepropetrovsk Tirana and Honved, whilst amongst the teams I think will join Celtic in Round 2 are Anderlecht, Sampdoria, Barcelona, Borussia Dortmund and Monaco.
