Welcome Visitors

The visit of Celtic to Pittodrie is always one of the highlights of the season and there will be a big crowd to-day to see the Dons doing battle against the lads from Parkhead. The departure of Bobby Collins seems to have made little difference to Celtic and we can expect a very hard fight for the points.

Another Local Recruit

Yet another player from "Aiberdeen an' twal' mile round" has joined the staff. Winger Anderson of Woodside F.C. was fixed up by Manager Shaw after the lad had put in a sound performance in the home game v. Third Lanark "A." Bert has done his army service and intends going full-time. A joiner to trade, Bert hails from Skene.

Welcome Win

After being written down so much, it was natural that the Dons would be considered "outsiders" in their Cathkin game last Saturday, especially since their opponents have this season been looked upon as Glasgow's "blue-eyed boys." Admittedly, the Dons didn't put in a 100 per cent. performance, but they were clearly superior to Third Lanark and deserved their victory. A feature of the win was the sound display given by the entire defence. George Mulhall, in his unaccustomed role of centre-forward, was by no means a failure. An unfortunate incident in the match was the dismissal of one of the Glasgow players. The Dons were entirely guiltless in the matter.

Clear Cut Win

The Reserves on duty last Saturday could clearly claim the title of Young

Dons, for, with possibly three exceptions, they are only recently out of the junior ranks. Despite their lack of experience, they were clearly superior to the visitors and were worthy winners. Third Lanark "A" were rather disappointing and were at the receiving end for most of the ninety minutes. In fact, they hardly had a shot for goal throughout the game.

Holiday Game

The Dons didn't do well in their display against the Army last Monday. On play, they should have had a convincing lead, but instead they seemed to be content with their solitary goal, frittered away chance after chance and in the

end were shocked by the late goals that gave the soldiers victory — a win they could hardly have expected on play. Our lads must develop that "killer" complex — their sole aim must be to get goals and still more goals.

Dons Away

As will be seen from the list of fixtures, the Dons will be from home for the next two Saturdays. There is some consolation for football enthusiasts in the North-East in that the next First Division game at Merkland Road, although not for three weeks, should be well worth seeing, with Hibs supplying the opposition.
